

**Introducing the Gold Leaf 3000 Series,
the latest innovation in window technology.**

Designed to offer superior performance, and unmatched durability.

Features & Benefits

Curved, **easy to operate lift rails** make it trouble-free to open and close the sashes.

Stylish **EZ Turn & Tilt** locks. One simple operation controls the unlocking and tilting of all double hungs.

Fiberglass mesh screen. Standard locking 1/2 screen on all double hung windows. Full screen optional.

Shadow Grooved Welds provide a clean and finished look.

- ▶ Fusion welded, heavy duty multi-chambered frame and sashes provide long lasting strength and durability.
- ▶ Unique beveled exterior adds elegance to the home.
- ▶ Night latches, when engaged, will limit the sash opening while still allowing for ventilation.
- ▶ Teflon® coated stainless steel constant force balance system ensuring a smooth, easy and maintenance-free operation on all double hungs.
- ▶ Advanced, triple-fin weather stripping wraps and seals the sash perimeter for an industry leading air infiltration rating.
- ▶ Super Spacer® system is made of a 100% polymer structural foam. This no metal formula of these edge spacers block the heat escape path, providing one of the best thermal performances in the industry.
