PerfectFit

W I N D O W S

Quality, design, and the reputation of the manufacturer are all attributes of replacement windows to consider when weighing your options. PerfectFit windows are the ultimate choice for superior energy-efficient and durable long-lasting replacement windows.

Optional Foam Filling

- All Ideal windows are made from PVC vinyl frames and sashes. Vinyl is a great insulator, nearly maintenance free, withstanding harsh weather and resists scratching, never peeling, cracking or requiring painting.
 - Unique raised contour exterior adds elegance to your home
 - Fully welded, multi-chambered sloped sill design provides strength and performance with a classic wood look
 - Teflon coated stainless steel constant force balance system provides smooth operation
 - Electrostatic painted, extruded aluminum half screen is color matched, locking in the down position. Full screen optional
 - Virgin vinyl frame and sashes are fusion welded to provide strength and durability
- 1. An interior hidden accessory groove accommodates many profiles for easy installation**
 - 2. Energy efficient 7/8" insulated glass for excellent performance**
 - 3. Integral lift rails allow the sashes to be raised and lowered with ease**
 - 4. Tilt latches are flush mounted offering a clean look allowing you to tilt the window in for easy cleaning**
 - 5. Welded multi-chambered sloped sill design provides strength with a classic wood look. Ventilation locks allow the window to vent partially**
 - 6. Stylish cam locks provide security and stability.**
 - 7. Double locks are standard on all double hung windows 26" and wider**
