Why NorthEast Windows USA?

FROM OUR FAMILY TO YOURS - PREMIUM VINYL WINDOWS

For more than 65 years, NorthEast Windows USA has been working diligently to manufacture the finest vinyl windows possible. Using the highest quality materials, made in the USA, combined with our ultra sensitive quality control team, gives you windows that will last a lifetime. All of our window technicians get extensive training in every aspect of window manufacturing to ensure that every window meets the highest standards.

ALL NORTHEAST WINDOWS ARE GOLD LABEL COMPLIANT... Meaning we have passed rigorous structural tests given by the American Architectural Manufacturers Association.

The National Fenestration Rating Council determines the U factor of the window. The lower the U value, the better the window. Both the NFRC and AAMA come to our factories twice a year unannounced to make sure we are maintaining the standards necessary for our windows to continue to be approved by the two agencies. We have passed every test, every time. Go with a winner. Go with NorthEast.

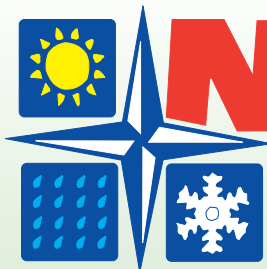

Buying NorthEast is buying the best. We take great pride in every window that bears the NorthEast name. NorthEast was an industry leader when we inaugurated our Lifetime Warranty, which is still the finest in the business.

We want to thank all of our customers and future customers and pledge that we will do everything possible to make your window experience with NorthEast a positive and enjoyable one. We want our windows to make your house the best on the block. Please feel free to contact us anytime and we will be more than happy to help you. Thank you for your continued support!

THE R5

PREMIUM VINYL WINDOW

Duralite warm edge spacer along with **Soft Coat Low E** on surface 2 and **Triple Silver Hard Coat** on surface 4, plus concentrated argon gas, allow us to reach R5 without Triple Glazing!

New overlapping adjustable lock and keeper virtually eliminates all service calls. Sashes close so tightly there is never air leakage. Adjustable Keeper allows for an easy installation.

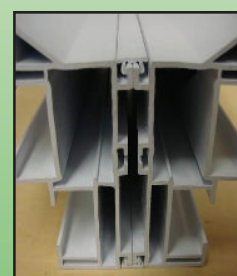

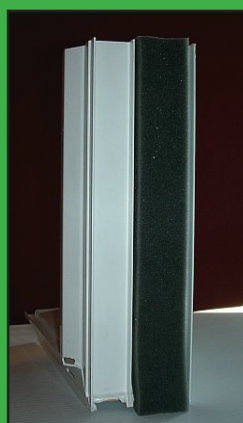

Locking extruded aluminum screen is stronger and safer than other screens on the market.

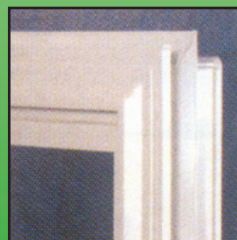

GRIDS OPTIONAL

Foam filled sashes, foam filled frame and foam wrap adds strength, lowers u value, and enhances thermal performance.

Jamb has accessory groove for zero degree mulling. Easier to mull and allows you to see entire window.

The DH990/R5 comes with integral nail fin and J channel. Perfect for new construction and siding.

Sash is beveled 30° at glass line.

New Balance System with locking shoe is easier to use and is a significant upgrade. Sashes will now lift out easily. Balance covers will be standard only on the R5. It also allows sashes to be removed easily.

are fully warranted against defects in workmanship and materials under normal use and service for THE LIFETIME OF YOUR HOME. The manufacturer agrees to repair or replace, AT THE FACTORY, FREE OF CHARGE, any returned product that is found to be defective due to a manufacturing defect. **Service calls for any reason after the first year to the home will be made at the prevailing rate.**

• INSULATING GLASS WARRANTY •

NorthEast warrants that its insulating glass units will be free from material obstruction of vision as a result of dust or film formation on the internal glass surface caused by failure of the hermetic seal due to faulty manufacturing of the unit for THE LIFETIME OF YOUR HOME. (Condensation on external glass surfaces does not indicate a faulty product.) Stress cracks are warranted for six months. Deadlites are not warranted at all of seal failure or stress cracks.

This warranty does not apply to any of the following: Damage incurred during or after installation, including but not limited to ripped, cut, torn or bent screen wire; or breakage, cracks or scratches in glass, faulty or improper installation, building construction, design or handling, or abuse, misuse, accidents, flood, fire or acts of God.

• VINYL EXTRUSION WARRANTY •

The vinyl extrusion is warranted not to chip, peel, blister, rot or corrode. The vinyl is not warranted against fading or color change due to weather conditions, as weathering will cause any surface to gradually change. There isn't any implied or stated warranty for the use of brown color extrusions.

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER GUARANTEES AND WARRANTIES, EXPRESS OR IMPLIED. NORTHEAST MAKES NO OTHER EXPRESS OR IMPLIED REPRESENTATION OR WARRANTY OF ANY KIND, WHETHER AS TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE, OR ANY OTHER MATTER. NORTHEAST SHALL NOT BE RESPONSIBLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.
